“Grand Area Mentoring is doing a wonderful job with their mentoring program.”

“Some mentors are too involved in family and actually create situations where another person let’s [sic] a child down. It’s great to love a child but we must not go to [sic] far and interfere. Very disappointed in watching a mentor make promises to the child and then abandon those promises!”

“We are so lucky to have mentoring in our district. I have witnessed the positive impact on several of my students over the past few years. The only way to improve is to find more mentors, which I know you are constantly trying to do! Thank you!!”
